### Presentations and Public Lecture - Schedules

Time	Description
11.00-11.45 45 minutes	<p><b>Public Lecture: Improving Half the World's Diet</b></p> <p>Associate Professor Alex Johnson from the Faculty of Science describes how "biofortified" rice and wheat can improve dietary iron and zinc intakes for half the world's population.</p>
11.50-12.10 20 minutes	<p><b>The Advantages of Trinity College</b> <i>Ms Deasy Sartika from Trinity College Foundation Studies</i></p> <p>Discover the many advantages of studying at Trinity College Foundation Studies (TCFS), the University of Melbourne's preferred academic pathway program.</p>
12.15-12.35 20 minutes	<p><b>Undergraduate Study at The University of Melbourne</b> <i>Ms Emmy Amalia, Senior Country Officer Indonesia, the University of Melbourne</i></p> <p>An undergraduate degree is your first degree at university. Melbourne's undergraduate degrees are internationally recognised, flexible programs that will open the doors to an outstanding future. Find out more about what are on offers and why Melbourne could be the right choice for you.</p>
12.40-13.00 20 minutes	<p><b>Studies in the Humanities and Social Sciences through the Faculty of Arts</b> <i>Mrs Jessica Potter from the Faculty of Arts/Graduate School of Humanities and Social Sciences</i></p> <p>The Bachelor of Arts offers unique flexibility and opportunity to focus on one or two majors in the humanities, social sciences and languages that students could choose from more than 40 study areas. Our internship, workplace and overseas subjects can help students gain practical experience, build valuable career networks and experience new cultures.</p> <p>Our Postgraduate coursework programs – which include International Relations, Development Studies, Public Policy and Management, Social Policy, Criminology, Global Media Communications, Journalism, Arts and Cultural Management, Applied Linguistics, etc – explore the diversity and changing dynamics of global and national institutions. Through a theoretical grounding, these programs foster social, political and cultural understanding, critical analysis and creative thinking. Our students are prepared for contemporary debates and challenges, and they have the opportunity to apply their skills and knowledge to real world situations through internships.</p>
13.05-13.25 20 minutes	<p><b>Melbourne School of Design: Create and shape the world in which we live</b> <i>Ms Fabienne Brown from the Faculty of Architecture Building and Planning/MSD</i></p> <p>The Melbourne School of Design (MSD) is a vibrant community of exceptional students and staff whose interests and expertise focus on exploring and shaping the habitable environment. For our Bachelor of Design students, our degree is a collision of Architecture, Civil Systems, and Urban Planning. The Bachelor of Design offers innovative ways to harness knowledge and technology to create ideas and solutions for a better future. For our Master students, our aim is not just to produce excellent Architecture, Property, and Construction graduates, but to deliver a unique teaching experience through our Travelling Studios, industry links, independent study and vocational placements. MSD invites you to learn about our growing reputation, our world-class facilities and our exciting range of courses.</p>

<p><b>13.30-13.50</b> <b>20 minutes</b></p>	<p><b>Faculty of Business and Economics/Melbourne Business School</b> <i>Mr Hamish Dunn from the Faculty of Business and Economics/Melbourne Business School</i></p> <p>Find out information about Bachelor of Commerce with majors in the areas of Accounting, Actuarial Studies, Business, Economics, Finance, Management and Marketing including entry requirements and prerequisites and student enrichment.</p> <p>Discover what it is like to study with the world class. This session will cover graduate study opportunities at Melbourne Business School including program entry requirements and an overview of the student experience and enrichment. Whether you are looking to study business and economics in more depth, a change of direction or enhance your career Melbourne Business School degrees cater to your experience.</p>
<p><b>13.55-14.15</b> <b>20 minutes</b></p>	<p><b>Game changers: A glimpse into the future of STEM</b> <i>Ms Belinda Day from the Faculty of Science</i></p> <p>Join us as we take a glimpse into the future of science, technology, engineering and mathematics (STEM). Find out what kinds of jobs are emerging and where the major breakthroughs will happen. Learn more about the kinds of skills we're equipping our students with so that they're ready to succeed in a shifting workforce.</p>
<p><b>14.20-14.40</b> <b>20 minutes</b></p>	<p><b>Engineering and IT at Melbourne</b> <i>Ms Jacqui Hoare from Melbourne School of Engineering</i></p> <p>For over 150 years the Melbourne School of Engineering at the University of Melbourne has done amazing things that have benefited society and the economy and we want to contribute even more. We are creating the entrepreneurial leaders and technology of the future — the people and things that will drive innovation and productivity to make a sustainable impact on the world in which we live. With our world class research capabilities and deep engagement with industry, studying engineering and IT at the Melbourne School of Engineering is the key to your brilliant future career. Find out why Engineering &amp; IT courses are some of the most popular at Melbourne.</p>
<p><b>14.45-15.05</b> <b>20 minutes</b></p>	<p><b>Harvesting skills in agriculture and food science to help shape the future</b> <i>Ms Rebecca Feasey from the Faculty of Veterinary and Agricultural Sciences</i></p> <p>Discover why agriculture is important globally and how studying at a place of research, teaching and technology development can help influence the future.</p>
<p><b>15.10-15.30</b> <b>20 minutes</b></p>	<p><b>Top Tips on choosing a health science study program</b> <i>Ms Aileen Chua-Hallowell from the Faculty of Medicine, Dentistry and Health Sciences</i></p> <p>Interested in a health career but not sure where to start? Find out about the varied health study areas available at the University of Melbourne and how you can go about making choices from an undergraduate to a graduate level program in the health area.</p>
<p><b>15.35-15.55</b> <b>20 minutes</b></p>	<p><b>Accommodation</b> <i>Ms Tamra Keating from the International House</i></p> <p>Finding the right accommodation is an important decision to make. Your housing option can either help or hinder your ability to succeed at University. Find out more about the real costs and what will help you succeed in life not just your academic journey.</p>
<p><b>16.50-17.20</b> <b>30 minutes</b></p>	<p><b>Alumni Panel Discussion</b> <i>Moderated by Ms Denok Sri Sukartinah, the University of Melbourne, Country Manager Indonesia</i></p> <p>Hear what alumni (from various faculties and degrees) are saying about their Melbourne experiences. Learn directly from those who have studied and lived in Melbourne and find out how the experiences have shaped and transformed them into what they are now.</p>

Note: Schedule might change to adjust with more topics
